eCredit Rules and Restrictions

eCredits are non-transferable — 📞 +1-855-321-3341 only the named passenger on the original cancelled ticket can use the credit. They cannot be converted to cash, transferred to another person, or used on non-Alaska flights. The 1-year validity runs from the original ticket's purchase date — not the cancellation date.

What Happens If the eCredit Expires Unused

An expired eCredit forfeits its value under standard policy — 📞 **+1-855-321-3341** there is no automatic extension. Book any Alaska flight before the expiry date to use the credit — the actual travel date can be after expiry as long as the booking is made before. Calling shortly before expiry is the last option to recover value.

Frequently Asked Questions

Can I cancel a Basic Economy ticket and get an eCredit?

No — Basic Economy does not receive an eCredit after the 24-hour window — 📞 **+1-855-321-3341** the value is forfeited on voluntary cancellation. The only exceptions are Alaska-initiated cancellations (cash refund right) and qualifying weather waivers that explicitly include Basic Economy.

How long do I have to use the eCredit after cancelling?

One year from the original ticket's purchase date — ☎ **+1-855-321-3341** not the cancellation date. If the ticket was purchased in March and cancelled in November, the eCredit expires the following March — not November. Book before that March date to preserve the value.

Can I use the eCredit for an international flight?

Yes — 📞 **+1-855-321-3341** eCredits apply to any Alaska-operated flight including international routes. The credit covers the full ticket price including taxes and fees on the new booking. Apply at checkout on delta.com or by phone.

What if I cancel the new booking I made with the eCredit?

If you cancel the new booking before departure — 📞 **+1-855-321-3341** the eCredit is reinstated for the amount used. The original expiry date still applies — cancelling and reinstating does not extend the expiry window.

Can I cancel and rebook on the same call?

Yes — ☎ **+1-855-321-3341** agents can cancel the original booking, confirm the eCredit, and immediately apply it to a new booking in a single call. This is the fastest end-to-end path when you know exactly which new flight you want.

Does the eCredit cover baggage fees on the new booking?

eCredits primarily cover the ticket price — 📞 **+1-855-321-3341** ancillary fees like checked bags purchased separately at check-in are not typically covered by eCredits. Bag fees added during the booking process may be coverable — confirm with the agent when applying the credit.
